SITOAUREO Association is a professional team specialized in energetic cleansing of buildings and environments.

Our purpose is to create hotel, B&B and houses (**Aureus Sites**) that cares about the balance of a “**healthy sleeping**”.

We also create warm and relaxing areas cleansing natural and artificial subtle congestions that could compromise our energetic system.

Finally we promote the **SITOAUREO** structures which care about their guests' comfort in order to inform a new demanding tourism interested in “**wellbeing and energy**”.

tourism ↔ relax and comfort

A new tourism is on the increase and it strives for “**healthy sleeping**” and “**deep relax and comfort**”.

This means that new hotels, interested in this new approach, are required.

SITOAUREO advertises on its web site the structures that join its aim in order to promote them and inform this new demanding public.

tourism ↔ relax and comfort

- Subtle energetic cleansing
- Innovation and research on wellbeing and tourism.
- High level of fine technology
- Low cost for the installation
- An exclusive offer for your guests
- Different services and fees
- Promotion for your wellbeing care

tourism ↔ relax and comfort

- **An oasis in your room**
- Just one instrument for a deep and great relax
- A healthy environment free of stress and unhealthy earth energies
- We take care of your guests' sleep for a balanced and energetic stay

Our protocol

- Tests for subtle energies in different rooms
- Survey of unhealthy subtle energies due to :
 - **artificial pollution** (electrical, biological, from heating and cooling systems, building materials)
 - **natural congestions** (unhealthy earth energies such as subterranean water radiation, faults, Hartman and Curry knots, radon)

The solutions

Evaluation of :

- The best specific and appropriate instruments:

AETere's Technology

Ojas Technology

- Structural solutions in order to cleanse buildings and environments from unhealthy subtle energies

Structures

The Hotels will be accredited according to the operation form, which can include :

- ④ Structure reclamation from the geopathic energies
- ④ Structure reclamation from electromagnetism
- ④ SPA and relax areas reclamation
- ④ Use of insulating materials
- ④ Air conditioning system reclamation

Structures

Our experts have the proper experience to work on structures such as:

- Hotels
- Bed & breakfasts
- Farm Holidays
- SPAs
